

Join Shapers of the Future! New edition of an intensive development program for young leaders who care about innovation, social issues and public good.

If you are an active member of an NGO, in a political or academic organization, and you believe achieving public goals through innovation is important, you should apply to this program!!

Participants will work together in international groups under the supervision of experts and trainers to increase their knowledge on Design Thinking, social innovation and to improve their skills of team-work and creativity.

What do we guarantee? Great atmosphere, professional team of trainers and practical knowledge that you can apply in your everyday work. You don't have to worry about accommodation and food - we provide it all for the duration of the workshop.

The program is run in English!

WHEN: 3rd - 6th July 2019

WHERE: Krakow, PL

FOR WHO: students, graduates and young entrepreneurs from Central and Eastern Europe.

DEADLINE FOR APPLICATIONS: 17th June 2019

➡Don't wait! Fill out the form and register today! ➡

This program is developed and organized by Workshop for Social Innovation together with Konrad Adenauer Foundation and Małopolska Region.
